To Whomever It Concerns:

Jeremy Lipinski and Emergent Solar receive my highest recommendation as solar energy experts and contractors. Jeremy and I have been working together for two years on completing our solar array at 260 S. Franklin St in Valparaiso.

Jeremy's knowledge of his field and product is second to none. He has been open, fair, and honest with us from Day 1. And, most importantly, he is timely and gets the job done.

We searched out several quotes for our building and was Jeremy the most knowledgeable and professional. Thanks to Jeremy, we are the FIRST commercial user of Bi-Facial panels in Indiana. Vale View, the building at 260 S Franklin, is going to be powered extensively via those panels.

It is with great pleasure that I write on behalf of Jeremy and Emergent Solar and give them my highest recommendation.

Sincerely,

Matt Welter
